

ATTRACTION OF BLACK PARTICIPATION

The voice of job creation,
on target delivery and skill
transfer.

We believe in service delivery leading
to the full benefits to its respective
customers across the country

For empowerment to be sustained, our
country's empowerment deals should
create and promote entrepreneurial
development to increase business
opportunities and innovations.

OUR MEMBERS

Managing Member

MR TF Mahuma

WE STAND FOR

Vision

To serve as a vehicle for meaningful attraction of black participation in the economy of the country.

MISSION

To achieve the vision the following

OBJECTIVES WILL BE PURSUED :

- To create an empowerment platform based on the principles of the accountability, value-add entrepreneurial growth and skill development.
- To establish strategic partnerships in the areas where projects are executed.
- To advance the requirements on Broad Base Black Economic Empowerment (BBBEE) agenda.
- To provide quality of services through the practice of professionalism

Batho pele Principle

A key values that drives
our belief system

OUR VALUE SYSTEM

KEY THAT DRIVE US

- Openness and Transparency
- Hard Work and Commitment
- Service Excellence
- Communication and Professionalism
- Batho pele Principle

BELIEF SYSTEM

- Equity that only results in flow of economic interest without control is enough to accelerate true empowerment.
- For empowerment to be sustained, our country's empowerment deals should create and promote entrepreneurial development to increase business opportunities and innovations.
- For empowerment to be visible in the eyes of South Africa it has to be broad based to accelerate the closure of the gap between the rich and the poor.
- Empowerment partners should add value because the company has to grow in order to be sustained.
- The company belief and uphold Corporate Governance, Code and Strategy Document, the BBBEE Act, empowerment sector charters and other relevant codes to business and empowerment

THIS IS OUR PHILOSOPHY

We believe in quality workmanship and on-target service delivery leading to full peace of mind to all our customer's stakeholders.

We believe in transparency and participation to all Stakeholders and employees in the day to day running of our business practice and policy compliance.

COMPETITION

South Africa has experienced a tremendous growth on its economy over the past years, which gave rise to potential emerging companies operating on a similar kind of business.

Reaagana Investments welcomes potential competitors in a positive way for the mere purpose of service delivery throughout the country. In contrast, Reaagana Investments management committee has already entered into service levels agreement with strategic business partners in order to fast track service delivery process throughout the country.

ECONOMIC INFORMATION

POTENTIAL FOR SMME DEVELOPMENT

REAAGANA INVESTMENTS together with strategic business partners will have the ability to create Small Medium and Macro Enterprise (SMME) opportunities for the local community well as further fields within its scope of operation.

COMPANY OPERATING PRINCIPLES

- Customer Centric Company
- Seamless value chain driven company.
- Maximum technology enablement
- Zero tolerance for poor performance
- All investment decisions are business case driven
- Provide one stop service and do it right the first time

BUSINESS PLAN THEME

A hands-on approach is the pillar of business growth & sustainability.

BEST PRACTICE

Operations practice will be world class if :

- Our service levels are best and quality driven
- Our cost per service provided is the lowest
- Our safety record is the best
- Our quality of supply is the best

Business service practices will be world class if :

- Our service levels exceed industry norms
- We have the strongest customer (stake holders) share of mind in the country
- Our product range is the best in the country.

Financial practices will be world class if :

- We have the lowest debtors' days in the country/ compliance to SARS regulations
- We fully comply with local and international financial practices and standards
- We have the lowest cost of revenue collection in the country
- We provide accurate and meaningful management information on a real time basis.

Commercial Practices will be world class if :

- We provide the best competitive quality workmanship in the country
- We source services of the highest technically required standards at the best price.

The vision of this company is directed towards the enhancement of processes that lead to economic development and growth.
